To whom it may concern,

While I have owned Amber Kotara John from Ceramex has completed tiling works for numerous of our clients. When we want a job completed to the utmost level of professionalism and skill we always recommend John to do the job. John's experience with all aspects of tiling, sealing, cleaning and waterproofing mean that we can confidently recommend him to our clients with complete confidence.

Combined with his ability to think on his feet to overcome site issues clients should rest assured that if they should choose to use Ceramex for their tiling needs they are employing a tradesman who has the ability and skill to complete their job to the highest standards.
